SOFT SKILLS

Leadership, Problem-solving, Adaptability, Communication, Teamwork, Avid learner, Collaborative learner

PROJECTS

- *Weather App*
View the current weather of any place on earth.
took advantage of JavaScript API system to build this one.
- *Rock paper scissors*
A fun game I built from scratch after i completed my boot camp course, i wanted to test my java script knowledge so I built this without research, just mixed up my understanding of the game with my knowledge of java script.
